Parker Hydraulics

Hydraulic vane, piston and gear pumps
 Hydraulic directional, mobile and control valves
 Hydraulic filters, particle counters and accessories
 Hydraulic cartridge valves
 Hydraulic accumulators and coolers
 Hydraulic cylinders
 Hydraulic motors
 Electronic controls, touch screens and sensors
 Hydraulic oil purification systems
 Hydraulic rotary actuators

Parker Pneumatics

Pneumatic cylinders
 Pneumatic directional and control valves
 Pneumatic filter, regulators and lubricators
 Pneumatic fittings and tubing
 Vacuum generators and controls
 Pneumatic rotary actuators
 Pneumatic air dryers

Parker Fluid Connectors

Hydraulic tube fittings
 Hydraulic hose
 Industrial hose
 Quick couplings
 Synthetic hose and fittings
 Hose crimping equipment
 Tubing bending equipment

Parker Instrumentation

Process control valves (ball, needle, check, relief, diaphragm and metering)
 Instrumentation fittings (compression, pipe, weld, CGA)
 Ultra high-purity face seal and weld fittings
 Instrumentation quick couplings
 Autoclave high pressure fittings, valves, pumps and tubing
 Pressure regulators
 PTFE and PFA fittings, tubing and valves
 Cryogenic valves and controls
 Instrumentation manifolds and valves
 Thermowells
 Multitube® bundles
 Heat trace tubing
 Mass flow controllers
 Flow meters

Parker Racor

Racor fuel filtration
 Racor fuel cleaning systems

Parker Electromechanical

Human-machine interface (HMI) screens
 Servo, linear and stepper motors
 Motion and machine controllers
 Drives and inverters
 Linear and rotary positioners
 Electric cylinders
 Positioning cartesian robots
 Gearheads

Parker Gas Separation and Filtration

Chillers
 Nitrogen gas generators
 Coalescing compressed air filters
 Air dryers

GAST

Vacuum pumps and compressors
 Air motors and gear boxes
 Regenerative blowers
 Pump and tank combinations

Jun-Air

Quiet compressors and accessories
 Pump and tank combinations

CPC (Colder)

Aseptic quick couplings, SIP couplings
 Luers and blood pressure connections
 General purpose couplings
 High-purity and Medical-grade couplings
 Multiline couplings
 RFID couplings
 NSF and food-grade couplings
 Liquid cooling couplings
 Drum dispensing systems

Doosan Robotics

Industrial collaborative robots

FANUC

Industrial and collaborative robots

MiR

Mobile autonomous robots and systems

P: 877.870.2692

RG Group
 Innovative Motion Control and Fluid
 Handling Products and Solutions

ACE Controls, Inc

- Shock absorbers
- Gas springs
- Vibration isolation equipment
- Rotary dampers
- Velocity controllers

Atlas Copco

- Oil-sealed vacuum pumps
- Liquid ring vacuum pumps
- Vacuum systems with variable frequency drives
- Dry vacuum pumps
- Steam ejectors and deaerators

Balluff

- Proximity and photoelectric sensors
- RFID
- Power supplies
- Linear transducers
- Industrial networking
- Vision systems
- Cables
- Safety

Destaco

- Robohand gripping solutions
- Power and manual clamps
- End effectors

Enerpac

- Cylinders and jacks
- Pumps and presses
- Bolting tools
- Pullers
- Tools
- Heavy lifting technology
- Workholding tools

GEMS

- Pressure sensors and transducers
- Level sensors
- Flow sensors
- Solenoid valves

Jastram Engineering

- Marine steering systems and components

Rotzler

- Hydraulic hoisting winches
- Hydraulic pulling winches

WIKI Instrument

- Pressure sensors and transducers
- Pressure gauges
- Temperature gauges
- Diaphragm seals

RG Manufacturing Services

True innovation doesn't come with a part number.

We've developed the technical expertise to take your projects from start to finish, from concept and feasibility studies through design using CAD and 3D modeling, manufacturing, installation and even the commissioning process. Our solutions aren't off the shelf, we create just what YOU need... even when you don't know exactly what that is. Our expertise will reduce your total cost of ownership with a creative solution tailored specially for you because true innovation doesn't come with a part number!
